

CHEESE LOGS

Edythe Johnston

comments

May be frozen, then thawed for use. Nice, slightly hot taste with the chili powder.
Serve with crackers, perhaps Triscuits.

notes

Soften cream cheese and cheddar cheese ahead of time.
You may buy cheddar already grated, but it will be dryer and not as soft.
You may buy low fat cream cheese if you wish.

prepare in advance

Soften

8 oz. cream cheese

Chop

1/2C pecans (more, if you wish)

Crush

1 clove garlic

Grate

1 lb. sharp New York cheddar

Have available (buy new)

One to two jars of chili powder (it loses power if old)

Ingredients

complete recipe

Thoroughly mix together the two cheeses with the garlic and pecans.

Divide mixture into 5 equal portions and shape into rolls.

Roll each in chili powder to completely cover, including ends.

Wrap in plastic or foil.
